

FROM: Enterprise Name: PMGPC (Pty) Ltd

SUBJECT: PMGPC (Pty) Ltd – Sustainability Commitment Statement

To whom it may concern,

At PMGPC (Pty) Ltd, we recognise that sustainable governance and policy implementation must extend beyond advisory services to embody environmental stewardship, social responsibility, and economic resilience. Guided by the UN Sustainable Procurement Framework and the African Union Agenda 2063, we commit to embedding sustainability principles across all aspects of our consulting practice.

Environmental Responsibility

- We actively promote the prevention of pollution by minimising waste in our operations and encouraging eco-friendly practices among our partners.
- We prioritise the use of sustainable resources, including digital-first solutions to reduce paper consumption and energy-efficient technologies.
- We support climate change mitigation by integrating climate-conscious strategies into governance and policy recommendations.
- We advocate for the protection of biodiversity and ecosystems, ensuring that policy solutions respect ecological balance and long-term environmental health.

Social Responsibility

- We uphold human rights and fair labour practices, ensuring that our consulting engagements respect dignity, equity, and justice.
- We champion gender equality by fostering inclusive participation in governance processes and promoting women's leadership in policy implementation.
- We encourage sustainable consumption patterns, advising clients on policies that balance societal needs with resource efficiency.
- We prioritise social health and well-being, embedding community-centred approaches that strengthen resilience and improve quality of life.

Economic Responsibility

- We apply whole life cycle costing in our consulting frameworks, ensuring that policy solutions are financially sustainable and deliver long-term value.
- We support local communities and SMEs, recognising their critical role in inclusive economic growth and sustainable development.
- We promote supply chain sustainability, encouraging transparent, ethical, and resilient procurement practices that align with global sustainability standards.

Our Commitment

PMGPC (Pty) Ltd is dedicated to advancing governance and policy solutions that are not only effective but also sustainable. We believe that integrating environmental, social, and economic dimensions into our consulting practice strengthens accountability, enhances impact, and contributes to a more equitable and resilient future for Africa and beyond.

Yours sincerely,

Prof. Dominique E. Uwizeyimana

Managing Director | PMGPC (Pty) Ltd
